What was your overall impression of the Marko Rubel's Niche2Wealth "Million Dollar Foreclosure" Seminar?

Excellent! I wish I had met Marko earlier before I spent \$15K w/ another coaching system. I would go to his seminar again!
I want to go to the subject seminar, too.

Did the Niche2Wealth "Million Dollar Foreclosure" Seminar fulfill your expectations?

It exceeded expectations! I appreciated the soft selling and not the sellathons!

What would you like to see us do differently?

For the manual: Place the information of the left page and leave the right page blank or w/ hard notes.
pull Marko's photos on left side
put label on front cover with name on it b/c it is made of plastic and you cannot write on the front.
leave right page blank for notes (over)

Your comments and message to Marko

Promote network amongst students more, meaning have Marko to encourage his students to sit in a new place every day, tell people when its break time to meet in areas if they are in the same parts of the country.
For instance, "For those of you who live in NC meet at the back corner" or western US NE of the US etc
It will make it easier to find people in close areas
Do a graphic presentation of titles, trust, a multiple trusts

Thank You!! We truly appreciate your feedback because it helps us to improve our events.

Inner Circle Member's Feedback Form

What do you think of our Inner Circle Program?

I think it will be valuable, I will do it after a deal or two.
Offer financing for the package to increase sales.
For instance, the coaching system I purchased was easy b/c they offered a credit line via a bank w/ 0% APR & no payments for 6 months. I bit on that.

Comments & Overall Impressions:

I love that the seminar was at the airport hotel, it made logistics very easy!
